

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

The flat-fee Universal Service Fund proposal is unfair. I urge you to oppose this plan. I am one of the millions of consumers that will be unfairly taxed at a higher rate under the flat fee plan. The flat-fee would mean a tax hike for people like me -- consumers that use prepaid cellular phones or make few long distance calls.

I support the Keep USF Fair Coalition, and monitor this issue on their website. Stopping the flat fee tax is important to my family - not to mention my pocket book. You will hear from me again, until this issue is resolved fairly! The flat-fee is unfair, and un-American.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as high-volume residential or business customers. I urge you to reject this flat-fee proposal.

Thank you.

ps. If you "fat cat", "Greedy", "no good" politicians would worry about the severe matters that affect our country daily. we the people of the United States would stand behind you in your decisions. Through my eyes all I see is more money coming out of the working mans pocket and depositing into the white collar thieves pockets, This country is ran by a disgrace of a government and I am embarassed to say I am a citizen of this horrible communisim. All I can say is I pray for the day the citisens of this land will stand tall and voice their opinion against the enemy (politicians) and we lead a revolution against the Government. When that day arrives I will stand up and proudly voice my opinion among the millions of other distraught humans. Banishing this evil group you call the Government. Thank you and Have a magnificent day!!!!

Sincerely, Ronald Lee Haskovec Jr.
